

AresX™ Indoor Jamming System

Indoor/In-Car Cellphone Jamming

AresX™ HK-101A6 is a high power desktop Cellphone/4G/WIFI/Bluetooth/GPS jammer.

Easy to be used, a superior design. It can be used for all the worldwide network frequency system. It is the best choice for meeting room and testing room applications.

Features & Advantages

It provides 24/7/365 jamming even in a constant cooling system.

AC: 110/220V 12V. In case of supplying voltage varies, our voltage regulator design can ensure the device's normal operation and avoid the abnormality or being burnt. Also can be mounted on the car directly.

Highly efficient double fans with a low noise make the device in a good cooling and continuous work.

Output power's adjustment by knob design makes the jammer more user-friendly.

Each frequency channel can be controlled separately and simultaneously.

Totally with a 15watt high output power makes a more efficient jamming.

SPECIFICATION

Frequency Range	700-2700MHz
Total Power	15watt
Power Supply	AC: 110/220 V/DC12V, Electric current: 8A
Power Consumption	75watt
Size	320 * 115 * 55mm
Net Weight	1.75kgs
Operating Temperature	-35°C ~ 80°C
Operating Humidity	up to 80%
