

AresX™ Jamming System

5 Bands Broadband Highly Portable with Batteries

AresX™ High power DDS Convoy Jamming System, implementing the most effective and reliable RF jamming technology and equipped with a fully-integrated broadband jamming system. HK-VIP JAM5 can cover, continuously and simultaneously, all the RF communication frequencies 20MHz ~ 3600MHz.

Features & Advantages

Field programmability for rapid adjustment frequency with output watt.

Modular construction for easy maintenance, repair and upgrade.

Jammer up to five different jamming modules simultaneously, and cover up to 15 different frequency bands.

Each module with LCD display to show its working frequency, output power and etc.

Internal battery, AC mains or DC power.

Configured with a Battery Display to indicate the battery level.

SPECIFICATION

Frequency Range	20-3600MHz
Total RF Power	up to 300 Watt
Jammer Module Number	5
Channel Frequency Number	15 bands, max: 20 bands
Jamming Source	digital signal source synthesize technology, adjust frequency and output watt
Antenna Type	high Gain Omni directional antennas
Number of Antennas	5
Built in Battery	35AH/24-28VDC
Jammer Size	565*460*270mm
Jamming System Weight
