

AresX™ Jamming System

Stationary UAV Jamming System

AresX™ Stationary UAV Jamming System UAV JAM-F is a multiband stationary installed jammer. Housing with aluminum case for outdoor waterproof mounting purpose. With high gains omni antennae or directional antennae optional to make a bigger shielding coverage.

SPECIFICATION

MODEL	UAV JAM-FIXED
Frequency Bands	2.4G: 2400-2500Mhz GPS L1: 1575.42Mhz 5.8G: 5725-5875Mhz
Module Output Power	10-15watt/band
Module Quantity	up to 5 modules, still depending on the configuration
Size	500*375*235mm
Net Weight	Aprox. 18kgs
Antenna Type	Omni antennae or Omni directional antennae optional
Battery	No
Power Supply Voltage	230VAC/110VAC 24-27VDC
